Golf is one of the important segments which we focus on and continue to promote Thailand as Indian Golfer's favourite destination. Thailand wins hands down when it comes to catering to the demanding Golfers who are spoiled for choice when it comes to golfing destinations. In fact, destination diversity and vast choices of golf courses throughout the country are key factors attracting the large numbers of visitors coming to play golf in Thailand.

We were excited to see the number of golfers travelling to Thailand steadily increasing till the Pandemic shook up the world tourism industry bringing all travel to a sudden halt.

Keeping in mind the quality of the Golf product and hospitality on offer in Thailand it is expected that Thailand would be the first destination where the majority of the golfers would travel for their first golf holiday post two years of Covid19 especially as all courses have not only been working on health and safety, but also at the same time ensuring a memorable experience for the golfer of playing golf in Thailand.

We have brought out this special e-booklet, the first in its series to showcase select service providers who are waiting to welcome Indian Golfers and travellers once the travel restrictions end.

Hope you enjoy your e journey to the land of smiles!
